truth, officially and in a way which will parity with gold is unquestionable. convince the country that nothing is Whether the omission of the qualified right to expect frankness in regard to gold value which was in the house bill the physical condition of the executive was wise may be questioned. head of the government. His health concerns many highly important interests, and in a sentimental or sympathetic evil. He thinks the currency issued unway the whole country is eager enough to know whether or not he has an incurable disease, or is in a fair way to enjoy many years of vigor and activity in public affairs. Things have come to a point where those most anxious to silence talk of Mr. Cleveland's condition must see that attempted concealment of them declare now to be absolutely can never accomplish its purpose. The lence talk of Mr. Cleveland's condition whole truth may quiet apprehension and

We regret deeply that Mr. Cleveland now, though he is of the opinion that is in such a condition. While there is the loss of gold has been due in part to the is no doubt the safest Democrat in the country for the presidential chair, the country for the presidential chair, the would be a blow—a staggering blow—a staggering blow—ance of trade would be the other way to the country if he should not live to during this fiscal year. He said further: 's rve out his term, and be succeeded by The president, in the midst of the against the bill. a man of Stevenson's narrow calibre and Bourbon political instincts, breeding and demagogy. It is to be hoped that Mr. Cleveland will recover, at least sufficient by to serve out his term, for the sake of the control of the panic, appeals to us to repeal this law, and he will not make this appeal to me in vain. I have no sympathy with him in politics, but I believe that in this party split in two halves on this vital question, it was the Republican vote to respond to his call. I will co operate that came to the rescue of the country and sweed it iron timescal disease. And his country and for the good of the people. It would be a calamity to have Stevenson in the chair. Let us all pray that this calamity will not befull us.

Stevenson in the chair. Set us all pray that this calamity will not befull us.

The country and the country and severed it are country and saved it iron financial disaster. And this is a house that has eighty-six Denocratic majority over the Republicans.

Brayely He Died.

Hard Times.

cral business and upon the progress of the debate in congress on the silver question, the fact has largely excaped notice that the federal government has been brought to a manistration which has compelled the administration to choose between the issue of bonds and the use in paying current obligations of the secure the greenback circulation. The great decrease in imports has reduced the revenue from customs so much that the nation's income has fallen below the expenditures entailed by the enert more appropriations of the last Demo the expenditures entailed by the enormous appropriations of the last Demooratic house of representatives. The
cash in the treasury has therefore been
steadily reduced until about the only
margin left above the gold reserve consists of subsidiary coin. A few weeks
more of undiminabled current expenses
and dwindling revenues will see the gold
reserve encroached upon to the extent of
many millions, the policy of the administration being to treat the coin basis of
the greepback circulation as a part of
the greepback circulation as a part of the greenback circulation as a part of No honest man can find fault with his the general resources of the treasury.

This unthrifty, if not exactly unsafe condition of the national finances, must become one of the most striking and important phases of the political and business situation. The fact that the federal government is living beyond its income and is using the specie hitherto held to before the reguiar session of congress, secure the greenbacks in order to meet daily obligations cannot fail to prove of wide interest and significance. It will render absolutely necessary the raising of more revenue or the reduction of government expenses. Tariff changes on a large scale will be almost impossible urbes the Democratic leaders are willing a large scale will be almost impossible urless the Democratic leaders are willing to tr; Senstor Mills' income tax scheme for instance, that the duty on steel rails should be cut from \$13.40 to \$2 a ton, and that anything more than the latter sum "would be robbery." What the West Virginia free trader says regarding the property of the trensury will at the latter sum "would be robbery." What the West Virginia free trader says regarding the property of the trensury will at the latter sum "would be robbery." What the latter least call more loudly than ever before steel rails is supposed to represent his upon the party in power to make good be made all along the line of manufactions. Manufacture was bounded by the manufacture was a supposed to represent his should be made all along the line of manufacture was bounded by the manufacture was being the manufacture was bounded by the was bounded its pretensions to economy. It will soon be seen whether the Bourbon tiger can doubt that he intends to make his bill change its spendtbrift stripes.

The Smashers. The tariff smashers are to begin work conform as closely as pessible to the antiprotection doctrine enumerated in the

tariff plank of the Unicago platform. Mr. Gladstone's long home rate fight committee is to be deplored, for it is like bill was passed at I o'clock last Tuesday the figureral panic, another shock. For by 301 to 201. It was harried to the months the manufacturers and merhouse of lords, which gave it the first chants have been in a state of uncertainty regarding the Democratic tariff policy. Factories have closed and trade has lanwas no organized demonstration the prime minister was cheered throughout the reute.

The work will be the passage by the sen at of the Wilson bill, which went through the house on Monday of last the reute.

The work would have afforded relief, had granted a divorce and the court was of the sense conjugate. As Mr. Gladstone, with bared head, passed through the crowd and entered the house, it was noticed that his face was very pale. A number of Irish priests were prominent in the crowd in front of the house, and lifted their hate as the prime minister passed them.

Before the debate on the hone rale bill could be resumed a long list of ques. The taking up of the question had to be answered. In reply to a support of the passed them.

The fact of adjourn as soon as the same opinion. Harriet Taylor wanted a divorce from her husband. Robert divorce from her husband. Robert divorce from her husband. Robert S. Taylor, because he had very unceremonously packed his effects and left her; she also thinks that she had been badly treated on many occasione by Rob and she had her attorney, to file proof of publication that she had been beautiful them.

All persons in sympathy with this noticed her runaway lord to show up why her petition should not be granted.

The same opinion.

Harriet Taylor wanted a church is mate sad at the thought that here taylor wanted by divorce from her husband. Robert S. Taylor, because he had very unceremonously packed his effects and been badly treated on many occasione by Rob and she had her attorney, to file proof of publication that she had been runaway lord to show up why her petition should not be granted.

The same opinion.

Harriet Taylor wanted a church is mate sad at the thought that next June, they must lose their present divorce from her husband. Robert S. Taylor, because he had very unceremonously packed his effects and been badly treated on many occasione by Rob and she had her attorney, to file present she church is mate and at the thought that here taylor heaves their present divorce from her husband. Robert Taylor because he had very unceremonously packed his effects and been badly treated on many occasione by Rob and she had her attorney, to file present the same opinion.

All persons in sympathy with this not increased them next June, they must lose their present divorces from her As Mr. Gladstone, with bared head, congress decided to adjourn as soon as

Repeal Assured. The voting in the house of representates still in session at the time of our

tution of any provision for the continued addition of silver or paper based upon silver to the nation's stock of silver. and impending defeat, can long delay A. S. Snell, appeal; continued or applica ressure of federal patronage and business sentiment is too strong to be resisted, and the bullion purchase law will be a thing of the past before many days.

We are glad to be able to assure our enders of this, and that the princial sentimental hindrance to a revival of prosperity is about to be swept away. Then if confidence shall still be lacking and the great industries of the country shall fail to assume their wouted activity and which was approved by the court. prosperity, men of all parties will be forced to agree that some other than a lebased or uncertain money standard must be warded off and further guarantees given against legislative action destructive to the conditions under which American mills and factories have been built and American mines and other national resources have been developed.

Where the Credit Belongs. The Republican vote in the house was cast almost solidly for the Wilson repeal bill. Without the Republican vote the bill could not have passed. To the Republicans belong the chief credit of his victory for sound money; for, while the Democratic members were pretty nearly equally divided, the Republicans

were almost unanimous. The house consists of 356 members politically divided as follows: Domo crats, 214; Republicans, 128; Popu dependents and vacancies, 14. A majority vote of a full house would be 179. The Wilson bill passed by yeas, 239; nays, 110; absent or not voting, 7; majority, 129. It will be noticed that the majorit alone is greater than the total vote
